PROFILE

Computer Science undergraduate specializing in Artificial Intelligence and Machine Learning at Symbiosis Institute of Technology, Nagpur (CGPA: 8.39). Interested in AI/ML, full-stack development, and IoT-based projects.

EDUCATION

Symbiosis Institute of Technology, Nagpur — Nagpur, Maharashtra
B.Tech. in Computer Science Engineering | Specialization: Artificial Intelligence & Machine Learning
CGPA: 8.39/10 | Fourth Semester

TECHNICAL SKILLS

Programming: Python, JavaScript, HTML, CSS
AI/ML & Tools: scikit-learn, Gradio, Streamlit, LLM APIs, Git, GitHub, VS Code
Web & Database: Node.js, Express.js, MySQL
IoT: ESP32, Arduino, DHT11, soil-moisture sensors

INTERNSHIP

Frontend Development Intern — Kelicalix Technologies
February 2025 – June 2025
– Contributed to frontend development tasks during the internship.
Marketing & Content Associate Intern — Kelicalix Technologies
July 2025 – October 2025
– Supported marketing and content-related activities.
Industrial Intern — Bajaj Steel Industries Limited
May 2026 – June 2026
– Studied organizational functions and operational workflows.

PROJECTS

AgriMind AI — Crop Recommendation Agent
– Built a GUI-based crop recommendation application using Gradio and an LLM API.
Smart Agriculture & Weather Prediction
– Developed an IoT-based framework using ESP32 sensors and weather data for smart-farming decision support.
Employee Knowledge Transfer & Management System
– Full-stack application for managing employee knowledge, work logs, and document transfer.

CERTIFICATIONS

– Cybersecurity Virtual Internship — VOIS for Tech / Edunet Foundation (2026)
– Network Automation with Red Hat Ansible Automation Platform (2026)
– Red Hat System Administration I (2026)
– Introduction to Python Programming — Red Hat Training (2025)

LEADERSHIP & ACTIVITIES

Class Representative — two consecutive years
Event Manager — ACM Student Chapter (2025) | **Co-coordinator** — Smart Tech Club (IoT & Robotics, 2026)
Student Representative — Quality Improvement Cell (QIC)
